Dear Friends:

The Areva group of companies is **ranked first in the global nuclear power industry**. Their unique integrated business covers every stage of the fuel cycle, reactor design and construction, and related services. In addition, the group with its **75,000 employees** is expanding its operations in **renewable energies**. AREVA is also **a world leader in electricity transmission and distribution** and offers its customers a complete range of solutions for greater grid stability and energy efficiency.

For the Latest

**Mawson Press Release**

●Mawson Resources has a high-grade near-term production gold target and a large tonnage copper-gold porphyry target in Peru. In addition it holds significant uranium resources in nuclear energy reliant Scandinavia. As the European Union reduces its reliance on carbon-based energy sources, Mawson together with Areva is well placed as the Company develops its exploration portfolio towards the sustainable production of uranium in the shortest possible time frame.

"Mawson is very well placed as a Peruvian gold and European uranium explorer, with a project portfolio that includes both resources and high merit exploration projects on two continents. Combined with a strong technical team and adequate funding, we look forward to adding further value through discovery and acquisition during 2010. "

--Michael Hudson, CEO, Mawson Resources
